

PRIVACY POLICY

Effective Date: June 7, 2026

Mekoatleng Projects (Pty) Ltd ("we," "us," or "our") operates the Altius mobile application (the "App"). We respect your privacy and are committed to protecting it through our compliance with this policy.

This Privacy Policy describes the types of information we may collect or that you may provide when you download, install, access, or use the Altius App, and our practices for collecting, using, maintaining, protecting, and disclosing that information.

1. No Collection of Personal Data

Altius is designed to be a completely private tool for your personal strategic life goal setting and monitoring.

- **We do not collect, store, or transmit your personal data.**
- We do not require you to create an account, log in, or provide personal details (such as your name, email address, phone number, or age) to use the App.
- Any data you enter into the App—including your goals, visions, milestones, schedules, and progress tracking—is stored **locally on your device** and is never uploaded to our servers or shared with any third parties.

2. Technical and Device Information

To improve the performance and reliability of the App, we may utilize native platform services (such as Apple App Store Connect or Google Play Console) to collect anonymized, aggregated technical data.

This may include:

- Anonymized crash logs and error reports.
- Device type and operating system version.
- Aggregated, non-identifiable usage statistics (e.g., app download count).

This data is strictly non-personal, cannot be used to identify you, and is solely used to troubleshoot technical issues and optimize App functionality.

3. Data Security and User Control

Because all of your life planning data is stored locally on your device:

- The security of your data depends entirely on the security of your device. We recommend securing your device with a passcode, biometrics (Touch ID/Face ID), and keeping your operating system updated.

- If you delete the App from your device, all of your saved goals, plans, and monitoring data will be permanently deleted, unless backed up via your operating system's standard device backup mechanisms (e.g., iCloud backup or Google Drive device backup). We do not have the ability to recover your data for you.

4. Children's Privacy

Because the App does not collect any personal data, it does not knowingly collect or solicit personal information from anyone, including children under the age of 13 (or 16 in the EEA/UK). If you are a parent or guardian and believe your child has provided personal information to us via another channel, please contact us so we can delete it.

5. Changes to Our Privacy Policy

We may update our Privacy Policy from time to time. If we make any material changes, we will notify you by updating the "Effective Date" at the top of this policy and, where applicable, providing a notice within the App marketplace or the App itself. We encourage you to review this policy periodically.

6. Contact Information
